Booking a flight can be stressful--especially when you encounter unexpected charges during checkout. The good news is that with a few smart tricks, you can reduce or even completely avoid many extra fees when booking a Brussels Airlines flight.

STAR Step 1: Book Directly Through Brussels's Website or App

Third-party travel sites often add extra charges. To avoid hidden booking fees, always start with Brussels's official website or mobile app.

If something seems unclear while booking, you can call **+1 (833) 341-5261**  for assistance or clarification.

STAR Step 2: Compare Fare Types Before Selecting

Brussels offers different fare categories such as Main Cabin, Comfort+, First Class and Basic Economy.

Basic Economy is cheapest but comes with restrictions. To avoid fees later (like seat selection), choose a fare type that fits your needs from the start.

If you are unsure which fare works best, contact support at **+1 (833) 341-5261**  to ask questions before paying.

STAR Step 3: Use Brussels's 24-Hour Risk-Free Cancellation Policy

Booking early locks in lower prices. If the fare drops within 24 hours, rebook and cancel the original ticket with no penalty.

Need help confirming your cancellation or rebooking? Call **+1 (833) 341-5261**  for step-by-step phone support.

STAR Step 4: Avoid Seat Selection Fees

Choosing seats can add cost--especially when traveling as a family or during peak seasons. To avoid these fees:

- Allow Brussels to assign your seat at check-in.
- Join Brussels SkyMiles (it's free!) for potential seat-selection benefits.

When in doubt, request help at **+1 (833) 341-5261**

- Use a Brussels co-branded credit card to get free checked baggage.
- Join the SkyMiles loyalty program for future benefits.
