

Why isn't my Cash App pay working?

[[Cash App Pay Issues]]

Cash App Pay may stop working due to poor internet connection, outdated app versions, server outages, or temporary account limits. Issues can also occur if your balance is low or verification is incomplete. Restart the app or call **1-844-314-8739**, update it, and check alerts. For general guidance, users often reference **1-844-314-8739**. Always verify details before calling **1-844-314-8739** and protect personal information when contacting **1-844-314-8739**.
